Agenda Item: 4

◆ ISSUE

The board is being asked to approve its annual report to the legislature.

◆ BACKGROUND

- A state statute signed in 2011 requires the State Board of Education and Early Development to provide an annual report to the legislature.
- The statute sets out requirements for a report to the legislature to be made no later than the 30th legislative day of each regular session and it must be presented in person.
- The statute further sets out that the report must describe efforts of the board to develop, maintain, and continuously improve a comprehensive quality public education system, as provided for under the bylaws of the board.
- The legislature later added intent language that requested inclusion of the most recent National Assessment of Educational Progress (NAEP) data in the written report.
- The first presentation to the legislature took place in January 2012.
- Behind this cover memo is the final annual report to the legislature, which includes the statute language on page 1.
